1. What does Hawaii do well with regards to K-12 public education?
MATH, READING AND SCIENCE
2. What should Hawaii do better with regards to K-12 public education?
Need to teach home economic and more daily life skills entrepreneurship

2022 HawaiiKidsCAN Action Fund Candidate Survey

3. How should Hawaii prioritize our spending on K-12 public education (for example: teacher salaries, programs to address learning loss, technology, community partnerships and projects, computer science education, charter schools, distance learning options, etc.)?

the teachers need to be taken cared for in these grades so that they can move forward in higher education

4. Hawaii should require all students complete the Free Application for Federal Student Aid before graduating from high school, or complete a waiver.

Unsure

4.a Comment

college is not for every one

5. The Hawaii State Constitution provides for the “establishment, support and control of a statewide system of public schools,” but does not guarantee quality education. Should the State Constitution be amended to provide quality education as a fundamental right? Should Hawaii students have a constitutional right to a quality education? Please explain your answer.

YES!

6. What will you do to improve the relationship between the Hawaii State Board of Education and legislature?

Making sure our teacher, parents, and sutdents are on the same page of undersatding of what is being taught and what should be taught in school build a bond with the BOE and Legislature to create the pathway for our children future.

7. What leadership actions will you take for the Hawaii Department of Education, University of Hawaii system, and employers to work more effectively together?

1. take care of the leadership of the BOE and the leadership of UHsystem and the create pathways to make things more sufficient for the children.

8. College going remains flat, with roughly 50% of recent Hawaii public high school graduates going on to college (2 or 4 year). How do you propose to raise these levels so Hawaii is more competitive with states like California, which has a nearly 65% rate?

I believe Hawaii needs to create more trade schools or classes to fit Hawaii.
